Germany's Upper House Approves Adherence To Genocide Pact

BONN, (JTA) — The Bundesrat, Upper House of the West German Parliament, today gave unanimous consent to a bill pledging Germany's adherence to the United Nations Convention Against Genocide. This completed Parliamentary action on the measure and left only one step — formal signature by President Theodor Heuss — before the measure becomes law.

The bill, which outiaws in Germany the crime which Germany originated in the modern world, was first introduced in Parliament last December. As originally drawn, the measure left several legal loopholes. On the suggestion of Prof. Raphael Lemkin, "father of the Genocide Convention," the German Government changed the bill to eliminate these loopholes and bring it into line with the international convention.

Abram Moses, Baltimore Composer Dies At 78

Funeral services were conducted this past Monday for Abram Moses, well-known Baltimore composer and a founding member of the Baltimore Symphony Orchestra, who died Friday at 78.

Born in Baltimore, he attended the Baltimore City College, beginning his musical career as a choir boy in an East Baltimore Synagogue. Later study brought him to the Peabody Institute where he received a teacher's degree in 1898, and to the orchestra's first violin section which he served from 1916 until 1936.

Mr. Moses was still composing at the time of his death. He turned out string quartets, string quintets, piano quintets, choral music, songs, opera, synagogue music and orchestral works. His most recent public performance occurred in 1952 when his "Fuga Argentina" was played by the Baltimore Symphony as the first-place winner in a contest conducted by the symphony's Women's Association.

In addition to his composing, Mr. Moses was a former faculty member at the Peabody and served the Baltimore Hebrew Congregation as musical director from 1929 to 1950. He was married to the late Carrie Gutman Moses.

FRENCH SEEK JEWISH VIEWS ON CALENDAR REFORM

PARIS, (JTA) — French Foreign Minister Pierre Mendes-France has requested Acting Chief Rabbi Jacob Kaplan of France to present the views of French Jewry on a world calendar reform proposal, it was learned here today.

Rabbi Kaplan, in reply, stressed the serious repercussions on Jewish religious observance of a proposal now before the United Nations for calendar reform in a manner which would unfix the position of the Sabbath. Dr. Kaplan pointed out that the Jews are not opposed to calendar reform per se, they merely want to guarantee the fixity of the Sabbath and oppose any scheme which would not provide for such stability.
